

This room contains a projector, a built-in PC, HDMI and VGA connections for laptops and other devices, document camera, Via Go wireless collaboration, and video conferencing equipment. The equipment is controlled by a touch panel interface at the instructor station.

System On

Touch the panel to wake it and press the ON button.

If the panel is already on, use the Projector Controls on the left side to turn the projector on.

Wait 60 seconds for the projector to power up. The system starts with the PC screen displayed

System Off

Press the **System Off** button on the touch panel and confirm shutdown.

Wait 60 seconds before powering on again.

Please turn the AV System off before leaving the room. Sign out of the PC, but do not turn it off.

Use the PC

1. Move the mouse or press a keyboard key to wake the PC. If nothing displays on the monitor:
 - a. Check if the monitor power is on.
 - b. Check if the PC power is on.
2. Sign in with your VIU credentials.
3. Select **PC** on the touch panel.
4. Sound volume can be controlled from the PC and the touch panel.

Connect your own device

HDMI and VGA cables are located at the instructor station.

1. Ensure your device is powered on.
2. Plug the HDMI or VGA cable into your device.
 - a. If you're using VGA and require audio, connect the 3.5mm (headphone) audio cable.
3. Select **Laptop**, then confirm HDMI or VGA.

If the picture doesn't appear:

Windows: Press  + P to select a presentation option (usually Duplicate).

Mac: Go to System > Preferences > Display > Arrangement > Mirror.

If you still see a black screen, toggle the **Black Screen** button on the touch screen.

Use the document camera

1. Extend the camera arm to point in the desired direction.
2. Press the power button on the document camera.
3. Select a projector at the top of the touch panel.
4. Select **Cam** on the touch panel.
5. Repeat for the other projector if necessary.
6. Press the power button **twice** to turn it off after use.

Wireless collaboration

1. Connect your device to the **viu-secure** wireless network.
2. Select **VIA GO** on the touch panel.
3. Follow prompts on the screen to connect.

Use Zoom video conferencing

1. Sign in on the PC and open Zoom.
2. Sign in with **SSO** and enter "viu" as your domain.
3. Enter your VIU Computer Account credentials.
4. Select PC on the touch panel to see the camera controls.
5. Ensure the camera is on, adjust the position as needed, or select a preset.
 - a. Preset 1: Instructor station
 - b. Preset 2: Front of room
 - c. Preset 3: Whole room
6. Create or join a meeting.

If you're experiencing any audio or video issues, go to the Zoom settings and confirm the following:

- Video – Camera: EasyIP Mixer
- Audio – Speaker: ExtronScalerD
- Audio – Microphone: Echo Cancelling Speakerphone
